WHL Profil supplement bottom profile supplément profil del sol

Die optionale Wasserhemmleiste ist dezent im Design und verbindet eine geringe Einstiegshöhe mit einem guten Schutz vor Spritzwasser.

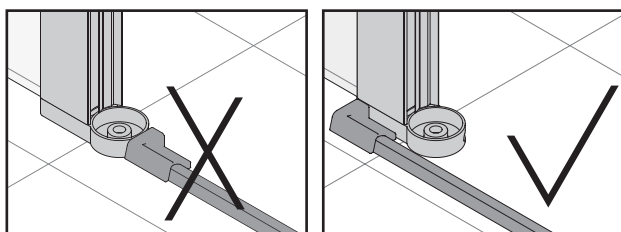

Achtung! Bei einer Installation der Duschabtrennung ohne Wasserhemmleiste können Reklamationen bezüglich Wasserdichtheit nicht anerkannt werden.

The optional water deflector strip is discreet and combines a low threshold with excellent protection against splashes.

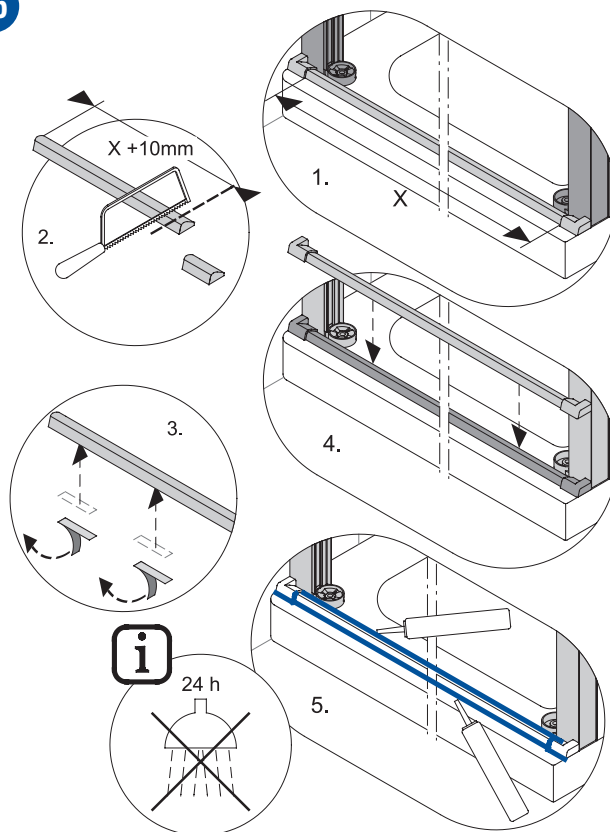

Attention! If the shower enclosure is installed without a water deflector strip, we shall not accept any complaints regarding water leakage.

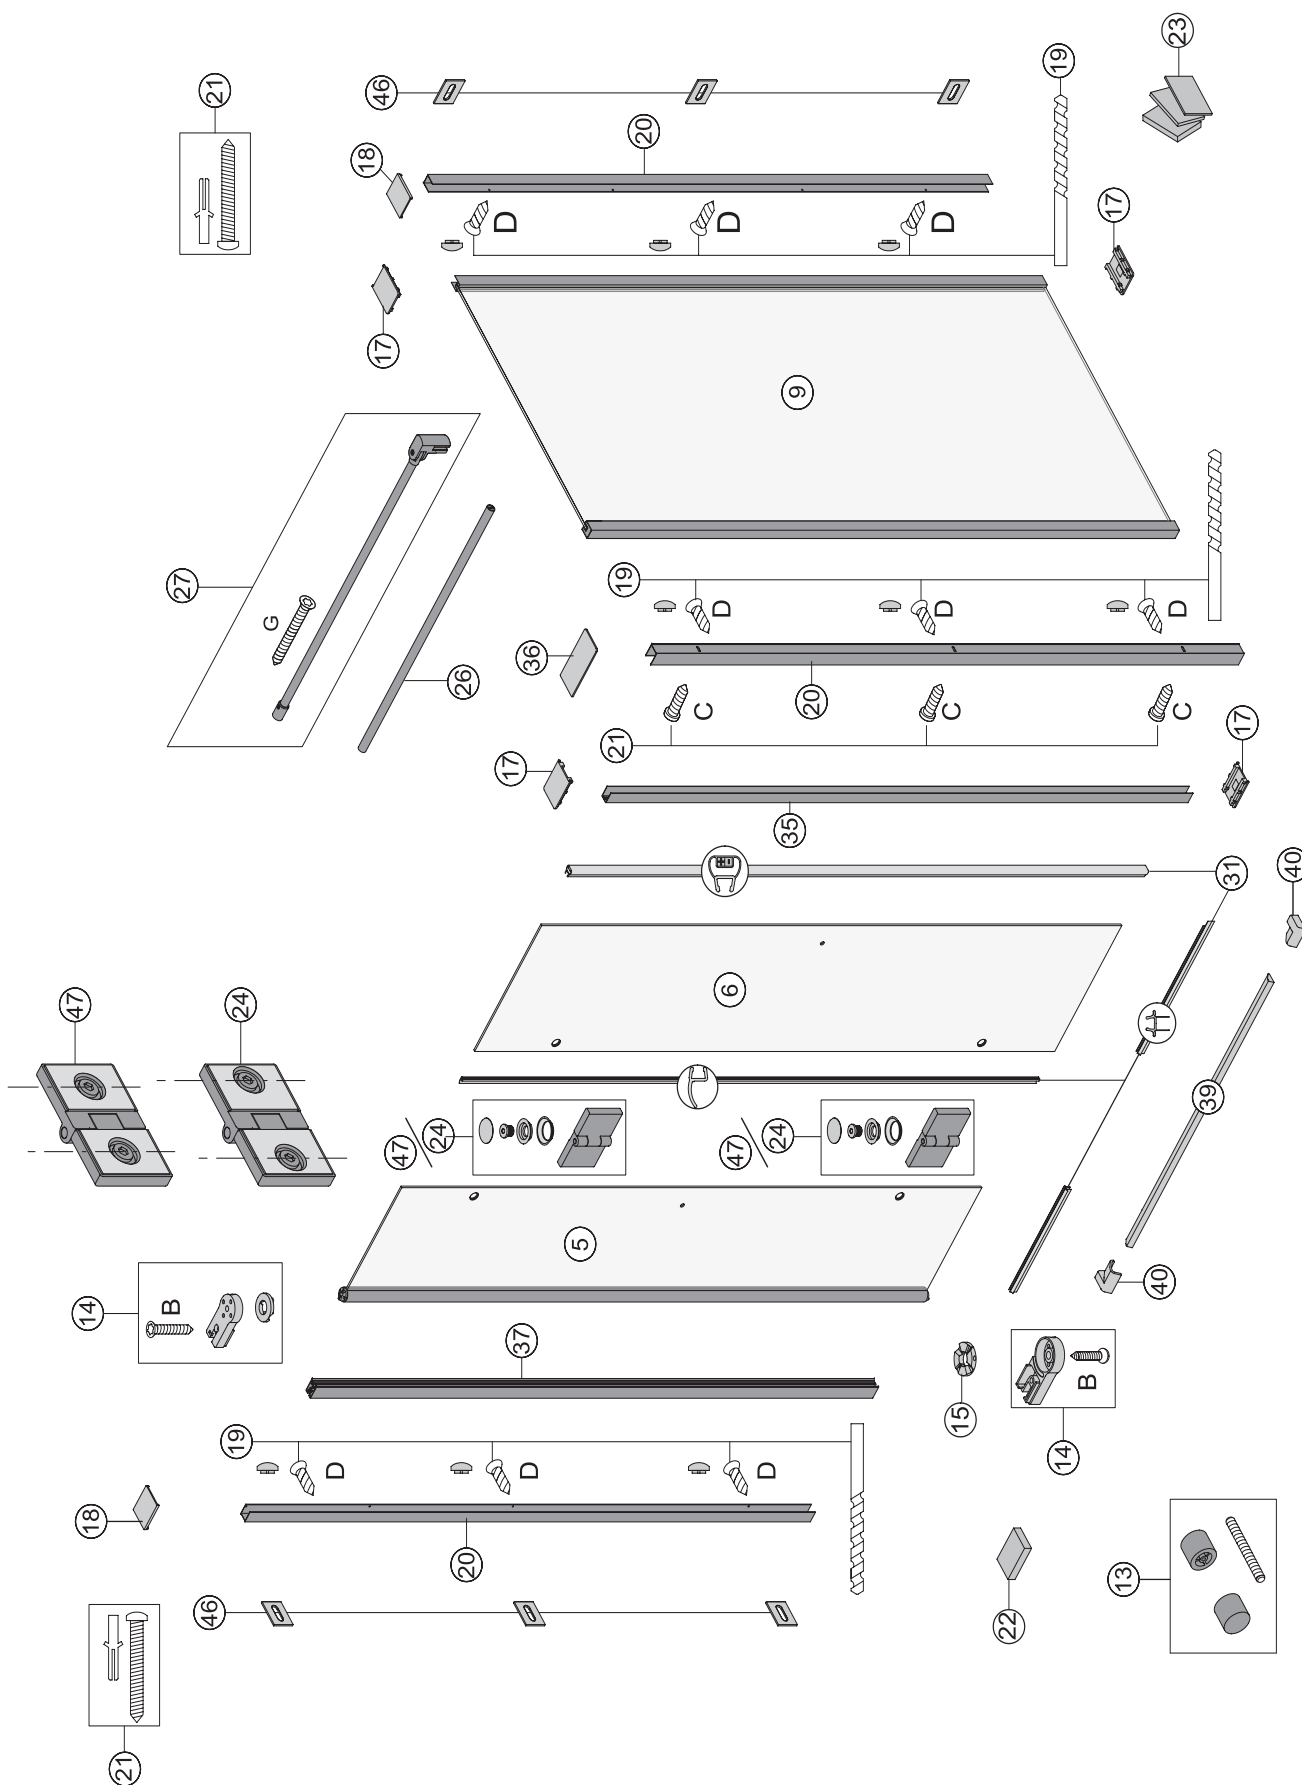

Discret, le profilé d'écoulement disponible en option offre à la fois une faible hauteur d'entrée et une bonne protection contre les projections d'eau.

Attention ! En cas de pose d'une séparation de douche sans profilé d'écoulement, nous ne saurions accepter les réclamations portant sur l'étanchéité à l'eau.
